Second Preliminary Amendment

Please amend the specification at page 34, lines 16-18, please by inserting the following substitute paragraph for the second full paragraph in the application at page 34, lines 16-17. Please note that the indicated insertions and deletions include those that were added by the Preliminary Amendment Accompanying RCE filed January 25, 2005 as well as one additional correction, changing "celiac" to "cervical", to correct a typographic error in the January 25, 2005 filing. In particular, "CLN" on page 34 of the specification refers to "cervical lymph node". Support for this can be found on page 34, line 11 in the specification, thus no new matter has been added. Entry of this second preliminary amendment is requested.
